

HGU Programs for International Students

I. CHINESE TAUGHT PROGRAMS

All the HGU bachelor and master degree programs are open to students who can study in Chinese.

Bachelor Degree Programs

School of Exploration Technology and Engineering

Exploration Technology and Engineering

Exploration Technology and Engineering (Geophysical Exploration)

Geological Engineering

Civil Engineering

Geophysics

School of Water Resources and Environment

Environmental Engineering

Hydrology & Water Resources Engineering

Groundwater Science & Engineering

School of Resources

Resource Prospecting Engineering

Geological Engineering

Geology

Marine

Paleontology

School of Gemology and Material Technology

Gemology and Material Technology

Mineral Process Engineering

Product Design (Direction of Jewelry)

School of Land Resources and Urban & Rural Planning

Land Resources Management

Surveying and Mapping Engineering

Geographic Information Science

Urban & Rural Planning

School of Accounting

Accounting

Financial Management

Auditing

School of Business

Business Administration
Marketing Management
Human Resource Management
Tourism Management
Logistics Management
Purchasing Management

School of Business and Economics

Economics
Finance
Economic Statistics
International Economics and Trade

School of Management Science and Engineering

Information Management and Information System
Engineering Management
Electronic Business
Project Cost

School of Information Engineering

Electronic Information Engineering
Communication Engineering
Computer Science and Technology
Network Engineering
Software Engineering
Optoelectronic Information Science and Engineering

School of Mathematics and Physics

Mathematics and Applied Mathematics
Information and Computing Science
Applied Statistics

School of Law and Politics

Law Major
Law Major (Outstanding legal practice talent class)
Public Administrative
Labor and Social Security

School of Foreign Languages

English
French
Czech

School of Art and Design

Visual Communication Design

Environmental Design

Product Design (Household Products)

Advertising

School of Film and Television Art

Film and Television Photography and Production

Broadcasting and Television Directing

Broadcasting and Hosting

Master Degree Programs

Regional Economics

Finance

Statistics

Population, Resources and Environment Economics

Civil and Commercial Law

Environment and Resources Protection Law

Mineralogy, Petrology and Mineral Deposits

Geochemistry

Palaeobiology and Stratigraphy

Structural Geology

Quaternary Geology

Mineral Resources Surveying and Prospecting

Geo-exploration and Information Technology

Geological Engineering

Computer System Structure

Computer Software and Theory

Applied Computer Technology

Management Science and Engineering

Accounting

Business Management

Tourism Management

Technical Economy & Management

Administrative Management

Land Resources Management

Applied Mathematics

Material Science

Material Processing Engineering

Environment Science

Environmental Engineering

Professional Master Programs

Finance

Geological Engineering

MBA

Accounting

Art Design

II. English Taught Programs

MBA

Duration: 2-4 years

Tuition Fees: CNY 18,000/ academic year

Civil Engineering

Duration: 4-6 years for bachelor degree; 3-4 years for master degree

Tuition Fees: CNY 16,000/ academic year for bachelor degree;

CNY 20,000/ academic year for master degree

Resource Inspecting Engineering

Duration: 4-6 years for bachelor degree; 3-4 years for master degree

Tuition Fees: CNY 16,000/ academic year for bachelor degree;

CNY 20,000/ academic year for master degree

Surveying and Mapping Engineering

Duration: 4-6 years for bachelor degree; 3-4 years for master degree

Tuition Fees: CNY 16,000/ academic year for bachelor degree;

CNY 20,000/ academic year for master degree

Geographic Information Science

Duration: 4-6 years for bachelor degree; 3-4 years for master degree

Tuition Fees: CNY 16,000/ academic year for bachelor degree;

CNY 20,000/ academic year for master degree

International Economics and Trade

Duration: 4-6 years for bachelor degree; 3-4 years for master degree

Tuition Fees: CNY 14,000/ academic year for bachelor degree;

CNY 18,000/ academic year for master degree
